

The FEFO (First Expire First Out) Inventory System for Better Management of the Expired Medicines

Location:	Libya
Industry:	Pharmaceutical
Type:	Wholesale & Distribution
Products:	Pharmaceutical & Medical Equipment

About Company

The company is one of the largest Pharmaceutical Distribution Company in Libya.

Business Challenges

- The company required a FEFO (First Expire First Out) inventory system for better management of the expired medicines.
- The company wanted to optimize the Shelf Life for Lot Items.
- FOC (Free of Charge Per Line) % calculation, The company required for calculation for each line item with different % for all time.
- The company also required Advanced Invoice for Fulfilled items before delivery at customer location.

Solution offered

- FEFO process implemented on the basis of medicines lot expired first, by some customization & configuration.
- Customization for self life period at the time of Item receipt generation.
- Customization for Advance print of Final Invoice for item delivery at customer location.

Benefits

- Ability to do Item fulfillment as per FEFO, location wise.
- Ability to set shelf life by using Manufacture date, Expire Date & Item receipt date after receiving the item at the warehouse location.
- Ability to calculate FOC as per user requirement (for different Vendor/ Different item).
- Ability to print final invoice at Packed stage of Item fulfillment.
