

Custom Report Generation for Sales Order

Location:	UK
Industry:	Healthcare
Products:	Custom Report Generation for Sales Order
Benefits	Easy updation of records for sales orders.

About Company

The company specialises in manufacturing advanced wound care products, surgical equipment, medical devices & personal protective equipment.

Business Challenges

Client wanted solution for easy updation of Sales orders. Client has to frequently cancel the pending sales order records and manually place the new order for pending / partially fulfilled orders.

Solutions Offered

- Created a custom schedule script which runs every night.
- The script identifies orders with Pending Billing/Partial Fulfillment status and close the pending lines by considering not fulfilled quantity and update original quantity for future reference.

Benefits

- No more Open orders for pending / unfulfilled orders.
- Automated updation in sales orders saving time and errors.
