

Online Leave MANAGEMENT

Inspirria Online Leave Management

Inspirria Online Leave Management helps to manage and record leaves of an employee online. No matter where the employee is working, even remotely, he can access NetSuite and apply leaves online.

Employee can view their current balances, yearly entitlement and accordingly enter leave request through Employee Center Login.

Leave applications can be easily routed through the desired workflow and managers can act on the leave request. Employees have real time visibility on leave balances and leave application status.

It makes the leave process smooth and enjoyable!

Key Benefits

Online Leave Management helps to remove manual leave records and reduces administrative cost. Manages the complex leave rules and multiple leave types.

Helps to provide real time visibility of leave balances. Gives real time reporting of leave balances and application status.

Allows you to create the desired approval workflow which helps to authorize the leave process.

Other Benefits

With Inspirria Online Leave Management, one of the key benefits is, the leave rules can be configured as per your needs.

Also, as it is a NetSuite Bundle, it seamlessly integrates with NetSuite employee database. It allows you to localize your leave types and policies. You as a customer, as a part of one time service can decide your own leave types settings which needs to be configured.

Key Features

Integrated with NetSuite

Seamlessly integrates with existing employee database and with the available masters. Since it is completely built inside NetSuite, it becomes easy to follow the interim information.

Automated Leave Process (application / approval / rejection)

1. Employees are able to make the online leave application from anywhere.
2. With desired routing workflow managers can approve / reject leave application submitted from anywhere.
3. An email notification on each step saves a lot of time.

Leave Application list record with pending status

1. Online Leave Management shows the real time leave balances and leave application status.
2. It helps HR department and management to get the accurate balances of an employee's leaves across location.
3. It reduces a lot of time on providing the real time reporting to management as each and every leave record is directly accessible within NetSuite.

Bulk Upload of Leave Balances

1. The leave balances can be easily uploaded at location and grade wise.
2. All the leave records can also be imported through CSV.
3. Annual entitlement can be mass uploaded.
4. Saves lot of time.
