

Inspirria Cloudtech, a 5 star NetSuite partner brings to the market a native SuiteApp that solves all the needs in Service Operations - ServiceEdge. This market-leading solution helps services companies by offering 360 degree controls and visibility into service and maintenance operations.

The cloud based software tracks data of customer's equipment and generates contracts and installation/delivery and preventive maintenance jobs through an automated process to provide complete visibility over service contracts. Service Edge helps businesses in getting access to appropriate tools and real-time information needed.

With over 15 years of experience in cloud technologies and more than 600 global clients, we can help you deploy the right solution in the cloud.

Our powerful solution enables high customer satisfaction by offering automated controls for service companies. Key benefits include:

ORACLE®
NETSUITE
